

Acme Cloud Refund Policy

Overview

Acme Cloud ('Acme', 'we', 'us') wants every customer to be satisfied with our products. This Refund Policy explains when and how customers can request a refund for subscription purchases, one-time purchases, and hardware add-ons.

30-Day Money-Back Guarantee

New customers on any paid plan (Basic, Pro, or Enterprise) may request a full refund within 30 calendar days of their initial purchase, provided the account has not exceeded 20 GB of usage or 10,000 API calls during the trial window. Refund requests after 30 days are handled on a case-by-case basis by the support team.

Annual Plan Cancellations

Customers who cancel an annual subscription within the first 30 days receive a full refund. Cancellations between day 31 and day 90 are eligible for a prorated refund covering the unused portion of the year, minus a 10% early-cancellation processing fee. No refunds are issued for annual plans cancelled after 90 days; service will remain active until the end of the paid term.

Refunds for Billing Errors

If a customer is charged in error (for example, a duplicate charge or a charge after proper cancellation), Acme will issue a full refund of the erroneous charge within 5-7 business days of the issue being confirmed by our billing team, with no processing fee.

Non-Refundable Items

The following are non-refundable: custom onboarding or professional services fees, add-on credits that have already been consumed, and Enterprise contract setup fees, unless otherwise stated in a signed order form.

How to Request a Refund

Customers can request a refund by opening a support ticket under the 'Billing' category or by emailing billing@acmecloud.example. Please include the account email, invoice number, and reason for the request. Approved refunds are returned to the original payment method within 5-10 business days.
